ABSTRACT

Community First News

New Name - New Address!

This summer has brought some exciting changes. We are settled into our new office location in Blue Bell and as of July 15, we are known as Community First Abstract.

It is hard to believe that more than five years have passed since we opened North American Land Transfer. With Community First Abstract, there has been no change in ownership and our phone and fax remain the same. We are committed to supporting the communities we serve and believe our structured approach to involvement will help guide us in being a consistent participant in worthy endeavors.

We are changing who we are, how others see us, and how we see ourselves. You can learn more about our philosophy at www.cfabstract.com.

Talk with you soon,

Francine
